Erasmus + Study: WHO CAN PARTICIPATE?

More detailed information about:

- **General Eligibility Requirements**
- **Incompatibilities with other programmes/scholarships**

...can be found in the CALL for APPLICATION!

The information in the following slides come from the 2022-2023 Mobility Call for application => so they COULD be DIFFERENT for the 2023/2024 Mobility programmes => REMEMBER to CHECK the NEW CALL for APPLICATION when it comes OUT!!

2022/2023 (EXPIRED) CALL for APPLICATION:

<https://bandi.unibo.it/s/diri/bando-erasmus-studio-2022-23>

General eligibility requirements

In order to submit an application:

1. students **must** be enrolled in an undergraduate, graduate or single cycle degree programme, a PhD programme or in a specialization school run by UNIBO in the 2021/2022 academic year, regardless of the country of citizenship. **The student must maintain the requisite of the enrolment for the entire duration of application/selection procedure until the publication of ranking lists;**
2. Students enrolled in certain specialisation schools are eligible if they were enrolled in year prior to that of the call for applications, due to the scheduling of the respective ministerial calls for applications. For suspensions or extensions of training as prescribed by applicable regulations, students are allowed to apply, provided they are enrolled before the regular enrolment date for one's specialisation programme/PhD.
3. Students **must** possess adequate language skills (see the *Language requirements* section); **the requisite of language skills must be satisfied before the deadline of this Call for applications;**
4. Students **must** present a study plan to be followed at the partner institute and a related motivation statement (see the section on *Activities to be carried out at the institute abroad and the Learning Agreement*);
5. Students **must** renew their enrolment at UNIBO for the 2022/2023 academic year (except students enrolled in specialisation schools in the situation described at the point 2) by the deadline established by the university (<https://www.unibo.it/en/teaching/enrolment-transfer-and-final-examination/enrolment-transfer-and-final-examination>) . Students who plan to graduate by 31 March 2023 are invited to check with their degree course if they need to renew their enrolment for the academic year 2022/2023;

6. Students enrolled in their third year of an undergraduate degree programme, or those who are “fuori corso” (past the envisaged completion time for the degree course), who expect to graduate during the 2021/2022 academic year **may** depart during the first year of their graduate degree programme (second cycle). These students, **who apply with reserve, must be enrolled in the 2022/2023 academic year for a graduate degree programme among those foreseen in the exchange offer for which they have applied.** Mobility for studies is **only allowed during the second semester of the 2022/2023 academic year; under no circumstances can students shift their departure to the first semester,** even if permission has been granted by the host university. If students apply for exchanges longer than six months, the Erasmus office will automatically shorten their mobility to six months and the actual duration will be calculated with reference to the dates stated on the attendance certificate issued at the end of the study period spent abroad. **Students enrolled at a degree course which foresees the award of double/multiple/joint graduate degree with a structured mobility organised for the first semester of the first year will be allowed to depart during the first semester, but they will have to inform the Erasmus office at erasmus@unibo.it during the acceptance phase.**

Mobility students must not graduate before completing their study abroad period and obtaining recognition from their individual Degree Programme Boards for the learning activities carried out at the institute abroad. This rule is valid also for PhD and Specialisation schools' students.

Erasmus + Study: WHO CAN PARTICIPATE?

Incompatibilities

Incompatibilities relate to both the scholarship and the "status" of the Erasmus student

Students who submit an application:

1. may obtain one or more Erasmus+ grants for each study cycle (three-year, graduate and doctorate) covering a total period that does not exceed 12 months in each cycle. For single-cycle degree programmes (e.g. Medicine), the maximum number of months allowed is 24, but the mobility duration must not exceed 12 months for each call for application within which they have been selected for. This requirement is specific to the Erasmus+ programme and does not apply to mobility to Switzerland. The calculation of the number of months already used in the same cycle must take account of any earlier mobility as part of the following programmes: **Lifelong Learning Programme, Erasmus+, Erasmus Mundus Action 1, Erasmus Mundus Action 2.**

2022/2023 (EXPIRED) CALL for APPLICATION:

Erasmus + Study: WHO CAN PARTICIPATE?

Incompatibilities

Incompatibilities relate to both the scholarship and the "status" of the Erasmus student

2. may not receive, during the same period in which they receive funding for the Erasmus+ project, any other types of EU grants (including scholarships for Joint Master Degrees - pursuant to Erasmus Mundus Action 1) or grants allocated from the UNIBO funds available for mobility periods abroad;
3. The Erasmus+ grant can be combined with the supplementary PhD student scholarship which is paid for periods abroad, to the extent of the duration financed by the standard amount of the study grant approved each year by the Board of Governors. The Erasmus+ grant cannot, on the other hand, be combined with supplementary PhD student scholarships for periods exceeding that duration, or with any other study grant paid for with UNIBO funds. In this last case, the individual PhD student may choose which grant to accept. Please contact the PhD Programme Office for further information.
